

Reconstruction of Church Avenue

Flatbush Avenue to Rogers Avenue

Project # HWKP2026

The New York City Department of Design and Construction (NYCDDC) is managing a capital construction project HWKP2026 along Church Avenue between Flatbush Avenue and Rogers Avenue, including each intersection.

Work operations are slated to recommence for the Church Avenue Project in mid-January 2014; notification will be distributed prior to work resuming in January 2014. The project is anticipated to be completed in Spring 2014.

Proposed Work Schedule: January-February 2014
Church Avenue between Flatbush Avenue and Rogers Avenue:

- Installation of 12" Watermain
- Reconstruction of Roadway

Work Completed to Date

Installation of:

- 947 linear feet of 15" sewer
- 12 Manholes
- 22 Catch Basins
- 558 linear feet of Shute Connections
- 3,174 linear feet of Curb
- 15,500 square feet of Pigmented Sidewalk
- 27,233 square feet of Non-pigmented Sidewalk

Installation of Pigmented Curb on Church Avenue between Bedford Avenue and Flatbush Avenue.

Traffic and Community Impacts: During Suspension of Work Operations:

- Pedestrian access - will be maintained at all times.
- Restriction to driveways and curbside parking will not be restricted or in effect; please note this is subject to change at a given notice should it be necessary

Restrictions will be re-implemented once work operations recommence in mid-January 2014. Parking is currently restored; please note this is subject to change at a given notice should it be necessary.

Public Transportation: Bus Relocation – the B35 Bus will continue its route as currently is – along Linden Boulevard from Flatbush Avenue to Rogers Avenue (see reverse side).

Special Needs:

Individuals with special needs who may be uniquely impacted by this project should contact the project's Community Construction Liaison, as soon as possible, to make them aware of your situation. DDC will work with you to attempt to minimize the inconvenience as much as possible.

Water Service Interruption:

During the course of the project there will be service interruptions. To allow water replacement, the existing water service must be shut off by closing the valves at either end of the section. Advance notice will be given for all planned interruptions. Water service will be restored at the end of the day.

Community Construction Liaison (CCL)

The DDC has assigned **Mr. Wayan Brown** of GEB Engineers, P.C., as the Community Construction Liaison (CCL). Please contact Mr. Brown for all project related inquiries and concerns, or to be added to the e-mail distribution list.

Phone: (718) 377-0450 / **Fax:** (718) 338-3810
