**PROGRAM OVERVIEW:** Community Action for Safe Apartments (CASA) is New Settlement Apartments' housing organizing initiative. Our work at CASA is grounded in the belief that everyone has a basic right to a safe, healthy, affordable and stable home. We are made up of community residents who work together to improve the living conditions in our neighborhood and maintain affordable housing through collective action. Our ultimate goal is to build a unified and powerful local community. CASA works to ensure that safe and affordable housing is available to everyone in the community. We achieve this by protecting rent stabilization, organizing against predatory landlords, fighting against landlord harassment, working to reform the Bronx Housing Court which evicts more people than any housing court in the US, educating tenants about their rights, building a critical mass of residents involved in housing work, and developing leaders to lead these important fights. Our work is based in the Bronx but many of our initiatives benefit tenants throughout NYC. In March of 2013, we received an award from the Association of Neighborhood and Housing Development for *Excellence in Neighborhood Organizing*.
